

Academic Support: Students enrolled in ACCG834 in 2009

The CA Program requires the completion of five modules and each module requires a candidate to attend focus sessions run by the Institute of Chartered Accountants in Australia. Each student should ensure that they have, through the Institute, enrolled in the required module and have been allocated a focus session group.

Macquarie University provides an additional “Exam Tips and Tactics Workshop” for students enrolled in ACCG834 for each of the CA Program technical modules. Please see the 2009 timetable below.

The aim of the Exam Tips and Tactics Workshop is to help students prepare for the examination for that particular technical module and is led by a member of Macquarie University staff who is also a focus session leader. The workshop will look at the module material, what students are required to know, the levels of knowledge and previous exam questions. The timing of the workshop will be either the first or second Tuesday after the last focus session and will be specific to each module.

Attendance at this additional workshop is on a voluntary basis and students have to register. If you wish to attend please email ACCG834@efs.mq.edu.au one week prior to the workshop.

The dates for the “Exam Tips and Tactics Workshops” for 2009 are as follows:

	Term One		Term Two		Term Three	
Module	Taxation TAX109	Financial Accounting and Reporting FIN109	Audit and Assurance AAA209	Taxation TAX209	Management Accounting and Analysis MAA309	Financial Accounting and Reporting FIN309
Tuesday 6-9pm	23/04/09 E4A323	28/04/09 E4A323	15/09/09 E4A323	22/09/09 E4A323	01/12/09 E4A323	08/12/09 E4A323

If at any time you are having difficulty with a module in the CA Program you should contact Catriona Lavermicocca as Lecturer in Charge of ACCG 834 by email at clavermi@efs.mq.edu.au or by phone on 9850-8528 and an academic advisor will be made available to you.
